EDUCATION

Government college of Engineering, Karad

B.Tech Information Technology

Karad, Maharashtra

2021 - 2025

Defence Services Junior Academy, Bhandara

H.S.C. Science

Bhandara, Maharashtra

2019-2021

Army School BEG and Centre Kirkee, Pune MR

10th C.B.S.E

Kirkee, Maharashtra

2018 - 2019

TECHNICAL SKILLS

Programming Languages: C + + , Javascript

Libraries,Tools and Technology: HTML, Tailwind CSS, Javascript ,VS Code, Linux

PROJECTS

• GCEK Smart Campus App

- Created an Android application using Flutter and Android Studio to enhance communication among students on the campus.
- Implemented Firebase Authentication using email and password, group chat forum, Lost and Found section, displayed food and medical services available outside the campus area.
- Displayed the last year's cutoff of MHT-CET, documents required for the admission procedure,important website links, Placement Records, Club information, etc.

[Playstore](#)

• Interactive Campus Map | Leaflet.js

- Interactive Map: Users can explore the campus using the map interface.
- Custom Markers: Different locations marked with distinctive icons.
- Responsive Design: Compatible with various devices.

[Deployed Link](#)

• SuperMarket Billing System

- Created a 'Supermarket Billing System' in C + + , leveraging core principles of Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA), as well as utilizing Vectors (STL) and File Handling.
- Developed a terminal-based application capable of managing a comprehensive list of supermarket products, each with detailed information such as description, available stock, and price.
- Implemented user interaction functionalities allowing users to select products and quantities, while the system intelligently computes the bill and generates a new text file containing the detailed bill information for record-keeping.
